

## **Energy Sector Management Assistance Program (ESMAP)**

The Energy Sector Management Assistance Program (ESMAP) is a global knowledge and tech-

Recently, plants with capacity of tens and even hundreds of megawatts have been installed in China; more are planned in India and Southeast Asia. The first plant larger than 10 MWp was installed in 2016, and in 2018 the world saw the first several plants larger than 100 MWp, the largest of which is 150 MWp.

provided to finance R&D and pilot projects (<1 MWp), which are often run by universities or public research institutions.
